

## How to Add a Debit Card to a Mobile Wallet

### Google Pay

1. Open the Google Pay app.
2. In the top right, tap the card image.
3. Tap Add a payment method > Debit or credit card.
4. Follow the on-screen steps to add a new card.
5. Review and accept the terms from your card's issuer.
6. Enter in the verification code sent to your phone.

### Apple Pay

1. Open the Wallet app and tap the add button (+).
2. Follow the on-screen steps to add a new card.
3. Tap Next to verify your information.
4. Tap Next again when your card information has been confirmed.

### Samsung Pay

1. Open Samsung Pay on your phone.
2. Tap Menu in the top left corner, and then tap Cards.
3. Tap Add card (blue +card icon), and then tap Add credit/debit card.
4. Follow the on-screen instructions to register your card.
5. When you add a card, you must agree to the card's terms and conditions.
